

J & E Industries, Inc. Quality Policy

J & E Industries, Inc. Quality Policy goal is to meet, or exceed, the expectations of our customers, in quality of our work, price and fulfilling delivery requirements.

We will commit to improving by:

- **Training every employee in every aspect of his/her job;**
- **Ensuring every employee understands the responsibility of product quality;**
- **Purchasing and maintaining equipment in both manufacturing and quality to insure a highest quality product is produced;**
- **Placing emphasis on communications between customer and J & E Industries Inc;**

This is accomplished through customer feedback from customer surveys and quality metrics through our quality system.
